Memorandum

To: ADP-Registered Vendors of Mobility Devices

From: David Schachow, Interim Director, Assistive Devices Program

Date: March 1, 2021

Subject: **Revised Delayed Implementation** of the New Pricing Schedule for Adult Wheeled Walkers

The Ministry of Health will further **delay implementation** of the new pricing schedule for Adult Wheeled Walkers, currently scheduled for April 1, 2021, until July 1, 2021. Given the developments in the status of COVID-19 and its impact on Ontario's healthcare system, the Ministry has decided to delay the implementation of the new pricing schedule. This decision was made after careful consideration of the significant capacity pressures currently being experienced throughout the province's healthcare system, as well as the ministry's commitment to ensure patient safety, as we seek to reduce potential exposure to COVID-19.

Therefore, the ADP Approved Prices for Adult Wheeled Walkers will remain at the current level until June 30, 2021:

- \$82 for an Adult Wheeled Walker Type 1;
- \$324 for an Adult Wheeled Walker Type 2; and
- \$417 for an Adult Wheeled Walker Type 3.

All questions related to this memorandum should be sent to adpvendors@ontario.ca.
